Dear Walter,

Sue and I enjoyed your talk yesterday in Stevens Point, WI. You were informative and entertaining - I very much look forward to using your systems and the pleasure/opportunity of participating in another talk.

I will keep you updated with my career from time-to-time. Let's, you and I, make me your best example of the rewards from using Danford Systems and Strategies!

Very truly yours,
Dan Peaslee

P.S. Can I - will you send me an autographed photo of yourself for my desk area?
