Dear Walter:

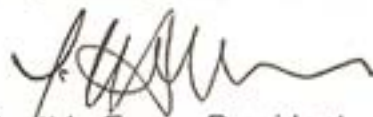

Thank you for making our Annual Monterey Retreat such a great success!

Our Staff and myself received many accolades from the brokers during the two days you presented to us. And judging by the amount of notes taken, there is no doubt certain everyone there realized value in your material, communication and style.

I'm grateful for the excitement, energy and passion you invested and we all look forward to having you back!

In consideration of your efforts, I remain

Respectfully,

Scott LeForce, President
